AGENCY BENEFITS OF BLUESCAPE

With greater scalability, security, and functionality than ordinary online whiteboards, Bluescape empowers dispersed teams to bring their best ideas no matter where they are–in the same city or on the other side of the world–and keeps teams on the same page in a secure, visual workspace.

- Extend the experience of being "in the same room" by seamlessly connecting in-person teams with remote personnel to optimize distributed brainstorming and planning sessions.

- Give permanence to your team's best ideas and capture every insight and iterate within a visual workspace.

- Bring all your content and data together in a workspace and create a single source of truth.

- Sprint toward mission outcomes with a digital workspace that brings agility to complex processes–eliminating miscommunications, missed deadlines, and wasted time.

- Deploy the most secure online whiteboard available to federal agencies designated as FedRAMP in Process.

- Keep confidential, operational, and mission-critical data secure thanks to its compliance with NIST CSF, NIST 800-171, FIPS 140-2, ISO27001, and common access cards.

- Founded and based in the U.S., and we keep government customer data securely stored right here at home.

WHAT IS BLUESCAPE?

Bluescape is a secure online whiteboard solution that provides agencies with an easy, agile, and engaging way to ideate and share content between users, even when they're physically

apart. Bluescape gives permanence to your dispersed team's best ideas by capturing every insight and letting you iterate across multiple workstreams within the same visual workspace.

WHY WHITEBOARD WITH BLUESCAPE?

Bluescape empowers remote teams to always see the big picture with 360-degree visibility into workstreams and power faster, smarter collective decisions. Our whiteboard includes all the key tools agency users need to drive agile brainstorming including sketching, sticky notes, and more. But we don't stop there. We incorporate advanced features and content-sharing capabilities not found anywhere else.

Boost agency efficiency and productivity–even in remote settings–by tapping into all the features Bluescape offers and increase departmental engagement, alignment, and trust.

Use Bluescape as your agile brainstorming hub for the entire lifecycle of agency projects:

- Access virtual, persistent workspaces anywhere, on any agency-allotted device, at any time.
- Facilitate ideation and brainstorming for dispersed teams with whiteboarding tools like drawing, diagramming, and notecards.
- Advanced content sharing lets users upload files add documents from Google Drive and Microsoft OneDrive with support for Microsoft GCC and GCC High.
- Upload videos easily and synchronize playback across devices.
- Brainstorm face-to-face, right in the workspace, with native video calling and Cisco Webex and Zoom integrations.
- Create immersive collaboration sessions with our in-room client that powers multiple screens to facilitate knowledge sharing across physical and virtual spaces.
- Go beyond online whiteboarding and agile ideation by using Bluescape for program management, bid capture, situational awareness, mission-critical decision making, and creating a common operating picture.
